SUMMARY

Final-year BBA student at TAPMI building full-funnel growth systems for AI-first B2B startups — from ICP segmentation to enterprise pipeline closure. Shipped 50+ experiments across acquisition, activation, and retention — generated 600+ qualified leads/month, closed Fortune-ranked enterprise pilots, and tracked every result in GA4 and Mixpanel. Closed 48 merchants solo (68% of zone conversions) and influenced pricing decisions that directly improved merchant acquisition.
